

# CTHULHUTECH SHADOW WAR

Choose your side, cast your die, and write your story. The events of the Shadow War threaten to tear apart the fragile society that the New Earth Government struggles to nurture and protect. Take to the field with shape shifting Tagers and Dhohanoids, monstrous creatures of the Esoteric Order and the brave agents of the Sectarian Crimes Division. Search for clues to the objective, escort the informant to safety, or simply take your anger out on the enemy. A variety of missions await those who become embroiled in the Shadow War.
